

THESE DOCTORS ARE AMONG THE

TOP DOCTORS IN MUMBAI

Digimedia Inc. CT is pleased to present the annual listing of "TOP DOCTORS MUMBAI "2020. This listing is derived on the basis of an extensive peer survey of consultant doctors in Mumbai conducted by us; which is then reviewed by the staff of DigiMedia Inc and a final list is generated and presented here. An overwhelming response was received but due to several constraints, 7-8 doctors were picked in each category. Our apologies to the other doctors who were nominated but could not be included in the feature. Also, due to constraints posed by the current situation we could not deliver this feature on its scheduled date of 15th August. We look forward to meeting this deadline next time round in a Corona free 2021.
